

MASTER ALPHABETICAL INDEX
ALL DIVISIONS

1. GENERAL

1.01 This section provides an alphabetically-arranged list of the subjects covered in Bell System Practices (BSP). Each subject is cross-referenced to the BSP division in which information pertaining to that subject can be found. Only the first three digits of the 9-digit BSP division number are shown.

1.02 This section is reissued (1) to add new subjects not previously covered, (2) to provide a more detailed listing of subject matter, and (3) to permute selected subjects on a limited basis. Arrows normally used to indicate changes have been omitted.

1.03 Recommendations for changes to this section should be submitted on Form E3973 as specified in Section 000-010-015, How to Comment on Bell System Practices.
