

## COMMON ACRONYMS CONTAINED IN BELLCORE PRACTICES

### 1. General

**1.01** This practice provides an alphabetical listing of acronyms generally associated with Bellcore practices. Each acronym is defined and cross-referenced to a division subject code (first 3-digits of the Bellcore practice number) in which the related acronym is used. Specific practices associated with the division subject code can be found in the particular Division Index practice.

**1.02** Whenever this practice is reissued, the reason for reissue will be explained in this paragraph.

**1.03** A bullet (•) indicates an item that has been added or changed since the previous issue of the practice.

**1.04** A square (□) indicates a canceled item. Information relating to the cancellation, if necessary, will be shown with a note following the item. Canceled items and related notes will be deleted upon reissue of this practice.
