

INFORMATION SECURITY INDEX

<u>TERMS/DEFINITIONS</u>	<u>PAGE</u>
Access Control Lists	17
Annual Review	19
Application Gateways	13
Application Recovery Manual (ARM)	20
Audit Log	18
Backup Process	11
Banner, Access Warning	18
Biometric Authentication	13
Bypassing Security	11
Centralized Security Server	13
Change Control Process	10
Compliance Process	5
Computer Security Administration Group	8
Computer Security-Mainframes, SW 007-590-907	5
Computer Security-Network Elements, SW 007-590-913	5
Computer Security-UNIX Platforms, SW 007-590-908	5
Contingency Planning	20
Contingency Planning - IS Facilities	20
Data (definition)	7
Data Communications Network Components	10
Data Domain	12
DCN - Data Communication Networks	4
DCN Access Rules	17
DCN Components	4
Dial-up Access	13
Disaster Recovery Administration Group (DRAG/IS)	20
Earthquake Protection	10
Electronic Privacy Policy	6
Emergency Operations Center (EOC)	20
Encryption keys	7
Environmental Review	10
Error Feedback	16
Exception Reporting	20
Executive Recovery Manual (ERM)	20
Firewalls	12
Guidelines (definition)	7
Guidelines for Developing Application Security, SW 007-590-912	5
Hardware Tracking	10

PROPRIETARY

*Not for disclosure outside of Southwestern Bell
Telephone Company except under written agreement*

Interdepartmental Security Forum (ISF) 8

Logins (Invalid Attempts) 19

Micro-Computer Security Procedures, SW 007-590-911 5

Network User Id (NUI) 14

Non-SWBT DCNs/Systems, Connections from SWBT DCNs 17

Non-SWBT Userid 14

Off-Premise Storage, SW904 4

OP 47, Document Retention 11

OP113, Protection of Electronic Information 8

Password 15

Password (Cracking) 19

Password Display 16

Password Expiration/Aging 16

Password Format 16

Password Reuse 16

Password Sharing 15

Password, Initial Change 16

Physical Security-Computer Facilities, SW905 4

Practice Administration 8

Protecting Other SWBT Resources 4

Protocol Filtering 12

Raised-floor environments 9

Remnant Data 11

Risk Analysis 9

Security Administrator 9

Security Administrator (DCN) 9

Security Domain Model 11

Security Events (Reporting) 18

Security Manager, Registration 9

Security Rationale - DCN 4

Security Training 9

Site Recovery Manual (SRM) 21
