

KS-16508-L2 AMPLIFIER
TRANSMISSION TESTS

1.01 This addendum is issued to cover the replacement of the KS-16508, L1 Amplifier with the KS-16508, L2 Amplifier.

1.02 The KS-16508, L1 Amplifier is "Manufacture Discontinued" and is directly replaced by the KS-16508, L2 Amplifier. The replacement has several mechanical changes and improvements, but they do not affect the physical appearance or mounting and wiring of the unit. For installation and maintenance, all comments in the section also apply to the L2 Amplifier.

1.03 The L2 Amplifier is electrically identical to the L1 Amplifier. All transmission adjustments and tests discussed in the practice also apply to the replacement amplifier.
