MARKER – DESCRIPTION

1. GENERAL

- 1.01 This section covers a noncoded Bell System warning marker.
- 1.02 When this section is reissued, the reason for reissue will be listed in this paragraph.
- 1.03 The information contained in this section supersedes the corresponding information in Section 074-680-101.

MARKER, WARNING, E

A personnel safety device for use with 302 connectors in ESS Central Offices. The E warning marker replaces the protector unit when the latter is removed during the application of breakdown test voltage to a wire pair outside the office. The E warning marker is inserted to warn CO personnel. (Specification AT-8590)

NOTICE

Not for use or disclosure outside the
Bell System except under written agreement
