

TOOLS

SPLICERS, TAPE—DESCRIPTION

1. GENERAL

1.01 This section covers coded Bell System tape splicers.

1.02 This section is reissued to add the 604E tape splicer. The Equipment Test List is not affected.

1.03 The information contained in this section supersedes the corresponding information in Section 074-133-101.

2. DESCRIPTION OF TOOLS

604B

604C

604D

604E

The **604B Tool** is used to splice unperforated tape in accounting centers.

The **604C Tool** is used to splice unperforated tape in central offices.

The **604D Tool** is used to splice perforated tape in accounting centers.

The **604E Tool** is used to splice both perforated and unperforated tape and for cutting 1-1/2 inch slots in the unperforated tape at spliced areas. For apparatus requirements and adjusting procedures, refer to Section 076-133-701.

For piece-part information, refer to Section 076-133-801.

For use in the AMA System.
