

**SUBSCRIBER LINES
VERIFICATION TEST
STEP-BY-STEP OFFICES
ARRANGED FOR AMA**

1. GENERAL

1.001 This addendum supplements Section 226-206-500.

1.002 This addendum is issued to add information for offices having ODMU service.

3. METHOD

The following change applies to part 3 of the section:

(a) Step 16 - revised to add test information for offices arranged for ODMU (Optional Detail Billing).

STEP

ACTION

VERIFICATION

16 Momentarily operate SC key

NOTE: If sender is busy (SB lamp lighted) proceed with steps 17d and 18d.

If sender is idle - TT lamp lights.
For lines having AMA service -
Lamps light corresponding to office unit, the four numericals, and the class of service of line (or party under test.)

If office is arranged for ODMU -
Non-detail Billed Line - NDT lamp lights
Detail Billed Line - DET lamp lights

If ITC key is operated -
Check that holes in trouble card correspond to lighted lamps*
For lines denied AMA service - NN lamp lights.

*Note: Trouble card may not have NDT and DET punches.
