

BB CABLE TERMINALS

INSTALLATION

NOTES CONCERNING THIS ADDENDUM

This addendum supplements Section G61.114.1 with instructions for locating vertical runs on joint poles, and a change in the height above the sidewalk at which terminals should be located.

"See Addendum" should be written at Paragraph 3.04 which is replaced, at Paragraph 3.05 which is supplemented, and following 3.05 to indicate the inclusion of additional information.

3. LOCATING TERMINALS

- 3.04 On jointly used poles, where practicable, locate terminal so that vertical runs of cable will be on the cable side of the pole.
- 3.05 The bottom of BB terminals shall not be less than 11 feet above a sidewalk.
- 3.06 In no case shall a terminal be located so that it or its associated balcony overhangs a thoroughfare used by vehicular traffic.
